The 12-substitution rule as per ASAA will be in effect.

Teams to supply their own scorekeeper and linesman.

Tie-Breaking Procedures

If two or more teams are tied at the end of the preliminary round, the following criteria will be applied, in order:

1. The team having the best ratio of won/lost matches, considering matches between the tied teams, will be ranked higher.
2. The team having the best ratio of won/lost games, considering matches played between the tied teams, will be ranked higher.
3. The team having the best ratio of points for/against, considering games played between the tied teams, will be ranked higher.
4. The team having the best ratio of points for/against, considering all games played during the round, will be ranked higher.
5. As determined by the Organizing Committee (e.g. extra game, toss of coin, etc.)

NOTE: When used to determine the ranking of any number of teams (2 or more), the tie-breaking criteria should be applied one after the other, until all teams have been ranked. E.g. If there is a tie among teams X, Y, and Z, and criteria "b" determines team X as ranked first. Ranking of teams Y and Z should then be determined by using criteria "c", and so on, if necessary.

This system is used to rank teams in a section but is not used to eliminate a team. E.G. If three teams are tied for first place and two are to advance, the C.V.A. tie break procedure will determine first, second and third place. The first place team receives a bye while the second and third place teams play a single game to determine second place. If only one team was to advance, then the winner of the single game playoff would play the first place team in a single game playoff.
